- CLASSES ARE LIMITED TO A MAXIMUM OF 12 STUDENTS -

This is a small, focused training, with hands-on mentoring during every step of the process. Participants complete the week with a written grant proposal to the funder of their choice and receive training and mentoring in grant research, writing and fundraising strategy. There will be homework in the evenings, so come prepared to work!

Each student works on their own proposal and learns to edit others' proposals. **Students leave the workshop with a completed proposal that may be submitted directly to the funder or used as a guide for writing future proposals.**

Registration includes a copy of
The Art of Grantwriting – Communicating Your Vision to Funders
by Sharon C. Gherman, FEI President
plus a temporary membership to GrantStation.com

\$999 per student
